

§ 648.3

U.S./Canada Steering Committee, with respect to the NE multispecies fishery, means the joint U.S./Canada committee consisting of staff from NMFS and Canada's Department of Fisheries and Oceans that has overall responsibility for the U.S./Canada Resource Sharing Understanding.

Used DAS baseline, with respect to the NE multispecies fishery, means the number of DAS that represent the historic level of DAS use associated with a particular limited access permit, as described in § 648.82(1).

Vessel length means the length specified on the USCG documentation for a vessel or on the state registration for a vessel not required to be documented under title 46 U.S.C., if the state length is verified by an authorized officer or NMFS official.

Vessel Monitoring System (VMS) means a vessel monitoring system or VMS unit as set forth in § 648.9 and approved by NMFS for use on Atlantic sea scallop, NE multispecies, monkfish, Atlantic herring, and Atlantic surfclam and ocean quahog vessels, as required by this part.

VMS unit means a device installed on board a vessel used for vessel monitoring and transmitting the vessel's position as required by this part.

Weakfish means *Cynoscion regalis*.

Whiting means *Merluccius bilinearis*.

Whiting Monitoring Committee (WMC) means a team appointed by the NEFMC to review, analyze, and recommend adjustments to the management measures addressing small-mesh multispecies. The team consists of staff from the NEFMC and MAFMC, NMFS Northeast Regional Office, the NEFSC, the USCG, at least one industry representative from each geographical area (northern New England, southern New England, and the Mid-Atlantic), and no more than two representatives, appointed by the Commission, from affected states.

EDITORIAL NOTE: For FEDERAL REGISTER citations affecting § 648.2, see the List of CFR Sections Affected, which appears in the Finding Aids section of the printed volume and at www.fdsys.gov.

50 CFR Ch. VI (10–1–12 Edition)

§ 648.3 Relation to other laws.

(a) The relation of this part to other laws is set forth in § 600.705.

(b) Nothing in these regulations supersedes more restrictive state management measures for any of the species referenced in § 648.1 and, for Atlantic salmon, more restrictive local management measures.

§ 648.4 Vessel permits.

(a) *Fishery specific permit information*—(1) *NE multispecies vessels*. Except for vessels that have been issued a valid High Seas Fishing Compliance permit, have declared their intent to fish, and fish exclusively in the NAFO Regulatory Area as provided in § 648.17, any vessel of the United States, including a charter or party boat, must have been issued and have on board a valid multispecies permit to fish for, possess, or land multispecies finfish in or from the EEZ. Multispecies frames used as, or to be used as, bait on a vessel fishing exclusively with pot gear are deemed not to be multispecies finfish for purposes of this part provided that there is a receipt for the purchase of those frames on board the vessel.

(i) *Limited access multispecies permits*—(A) *Eligibility*. To be eligible to apply for a limited access NE multispecies permit, as specified in § 648.82, a vessel must have been issued a limited access NE multispecies permit for the preceding year, be replacing a vessel that was issued a limited access NE multispecies permit for the preceding year, or be replacing a vessel that was issued a confirmation of permit history; unless otherwise specified in this paragraph (a)(1)(i)(A). For the fishing year beginning May 1, 2004, a vessel may apply for a limited access Handgear A permit described in § 648.82(b)(6), if it meets the criteria described under paragraphs (a)(1)(i)(A)(1) and (2) of this section.

(1) The vessel must have been previously issued a valid NE multispecies open access Handgear permit during at least 1 fishing year during the fishing years 1997 through 2002; and

(2) The vessel must have landed and reported to NMFS at least 500 lb (226.8 kg) of cod, haddock, or pollock, when fishing under the open access Handgear permit in at least 1 of the fishing years
